## Career Objective

I would like to further improve my skills and creative thinking in Information Technology & to work with new technological developments in a more standardize working environment. Also believe that I could design a well competent web site that matches any requirement since I have more than 8 years of experience.

I would like to work with industry's leading web portals like SharePoint, Drupal, SAP Enterprise Portal, Joomla, Nuke portal since I have hands on experience on portals for more than 4 years. Additionally I am capable of developing dynamic web sites on PHP platform and .Net platform.

Microsoft SharePoint 2010, 2007 & Microsoft Expression Studio took my creative possibilities to a new level. The expert knowledge in professional design tools and innovative technologies in SharePoint Designer provides me the flexibility and freedom to bring my vision to reality.

## Work Experience

- Currently I am working as a **Senior UI Engineer** at **IronOne Technologies LLC**, 5<sup>th</sup> Floor, IBM Building No. 48, Nawam Mawatha, Colombo 02, since December 2010.
